Summary

I have 6 months experience as a Full Stack Web Developer and have provided links to my portfolio of work projects. Before deciding to enter a career in coding, I owned and operated a small Residential inspection business since 2014, but with the recent events of 2020, business slowed down and I decided to pursue my life long dreams of working in coding.

Experience

Full Stack Web Developer
Freelance
Sep 2021 - Present (5 months +)

Inspector
Self-employed
Feb 2014 - Jul 2021 (7 years 6 months)
I built this company from the ground up and managed as many as 6 employees that ran the office and performed the inspections. I managed and trained the inspectors and HR. I created and implemented marketing strategies to gain new customers and led the overall business to completing over 1000 inspections.

Education

The University of Texas at San Antonio
